Correspondence with USAC Requesting the Administrative Record

To: Richter, Jennifer
cc: Schultz, Cynthia; David Capozzi; Royce Bancroft
Subject: RE: Request for Administrative Record for Recent SEND Denials

Jennifer --

In response to your request, USAC's records indicate that your client, SEND Technologies, was sent USAC's decision letters. Therefore, we would request that you obtain the letters from your client. If your client has misplaced them or believes they did not receive them, we will provide copies to you as SEND Technologies' attorney. With respect to any other documents that may be part of USAC's decision in these cases, USAC has determined it will not release those documents because they are part of USAC's Selective Review process. Not providing Selective Review documents is consistent with FCC orders with respect to FOIA requests

USAC provided you with certain documents in response to a similar type of request from you last fall. Those documents were not part of USAC's Selective Review process, and so USAC provided those documents to you.

Subject: Request for Administrative Record for Recent SEND Denials

Kristy/Royce,

This is a request for the USAC Administrative Record pertaining to all 471 applications and related FRNs listed in the "Further Explanation of Administrator's funding Decision" issued on February 8, 2007 to the following:

Caldwell Parish School District

471 # 289493

FRNs 798393, 798460

Lincoln Parish School District

471 # 302051

FRN 776890

Madison Parish School board

471 # 287193

FRNs 777243, 777287

Tensas Parish School District

471 # 288236

FRNs 798439, 798470, 798480

Webster Parish School District

471 # 292756

FRNs 795284, 800324, 800347, 800473

The appeals must be filed with the FCC by early April. We apologize for the delay in asking for the record. Your prompt attention to this request is needed and appreciated.

The "Further Explanation" letters indicate that USAC intends to issue RFCDLs for these applications to provide the basis for the denials. Six weeks have passed since the RFCDLs were sent. Could you please advise us as to whether USAC has issued these letters to all of the listed applicants and, if not, a timeframe when it intends to do so?

Thank you for your assistance.

Best regards,

Cynthia Schultz and Jennifer Richter

REVISED FUNDING COMMITMENT DECISION LETTER
(Funding Year 2002: 07/01/2002 - 06/30/2003)

February 8, 2007

Mark Stevenson
Send Technologies, L.L.C.,
2904 Evangeline Street
Monroe, LA 71201

SPIN: 343030002

This letter is your notification that your appeal has been resolved and your official decision(s) regarding the appealed funding request decision(s) that featured your company's Service Provider Identification Number (SPIN).

The Funding Commitment Report (report) that follows this Revised PCDL contains a list of items that were included in your original FCDL. An explanation of the items in the attached report is included in the sample applicant FCDL posted to the SLD section of the USAC web site, and was included in your original FCDL. The report attached to this letter may have been updated. Use this updated information when completing FCC Form 474 or certifying FCC Forms 472. Your customer(s) should use this information when completing and certifying FCC Forms 486 and 472.

This same information is being sent to your customer(s). We urge you to contact your customer(s) to make any necessary arrangements regarding delivery of service and provision of discounts.

IMPLEMENTATION TIMEFRAME:

On June 29, 2001, the Federal Communications Commission (FCC) released an Order extending the implementation period for non-recurring services. Any non-recurring service for which funds are committed in this letter may be delivered and installed up to September 30, 2007, not including extensions. Support for recurring services, however, is available only for services provided during the period of July 01, 2002 through June 30, 2003.

If Forms 486 have not already been submitted for these services provided by this service provider as identified by the SPIN in the attached Funding Report, Forms 486, must be received or postmarked no later than 120 days after the Service Start Date or 120 days after the date of an FCDL that approves funding, whichever is later to receive discounts retroactively to the Service Start Date. If any funding was approved in the original FCDL and any services were provided by the service provider whose SPIN was referenced in the original Funding Report, the deadlines described above are calculated based on the original FCDL. If these services are approved as a result of a SPIN Correction, a new Form 486 will be required to allow invoicing for such services. Invoices for these services must be received or postmarked within 120 days of the date of the Form 486 Notification Letter or within 120 days of the last date to receive service, whichever is later. Work closely with your customers to ensure that Forms 486 and invoice forms are completed in a timely manner.

NEXT STEPS

File your FCC Form 473, Service Provider Annual Certification Form, for this funding year, if you have not already done so, to complete the procedure for submitting invoice forms. Form 473 must be completed each funding year by each service provider, for each separate SPIN, to confirm that the invoice forms submitted by each service provider are in compliance with the FCC's rules governing

the Schools and Libraries Universal Service Support Mechanism.

USAC needs to have current, complete and accurate contact and address information in order to properly make payments to service providers. The FCC Form 498, Service Provider Information Form, is the official form to use to submit or update this information. Please ensure that the information on our web site is accurate, and file the Form 498 if an update is needed.

NON-RECURRING SERVICES: Contract Expiration Date(s) featured on the PCC Form 471 may have passed. The attached report includes the Contract Expiration Dates from the Form 471, if provided, for each ERN. FCC rules grant a limited extension for contracts for non-recurring services. "[C]ontracts for nonrecurring services may be voluntarily extended to coincide with the appropriate deadline for the implementation [of delivery and installation for nonrecurring services]. Parties may not, however, extend other contractual provisions beyond the dates established by the Commission's rules without complying with the competitive bidding process." (FCC 01-195 released June 29, 2001) In other words, if an applicant is granted an extension of time for delivery and installation of non-recurring services, the applicant may extend the relevant contract without rebidding. If this is true for your customer, you should first negotiate a contract extension. Your customer must then file an FCC Form 500, Adjustment to Funding Commitment and Modification to Receipt of Service Confirmation Form to notify the SLD of the new Contract Expiration Date. After Form 500 has been submitted by your customer and successfully data entered, they can file the Form 486 with the SLD and you can begin invoicing the SLD for approved services.

TO APPEAL THIS DECISION:

If you wish to appeal a decision in this letter, your appeal must be received by the SLD or postmarked within 60 days of the date of this letter. Failure to meet this requirement will result in automatic dismissal of your appeal. In your letter of appeal:

1. Include the name, address, telephone number, fax number, and (if available) e-mail address for the person who can most readily discuss this appeal with us.
2. State outright that your letter is an appeal. Include the following to identify the decision letter and the decision you are appealing:
 - appellant name,
 - applicant or service provider name, if different than appellant,
 - applicant BEN and service provider SPIN,
 - application number as assigned by USAC,
 - name of the letter and funding year - both are located at the top of the letter, AND
 - the exact text or the decision that you are appealing.
3. Please keep your letter to the point, and provide documentation to support your appeal. Be sure to keep a copy of your entire appeal, including any correspondence and documentation.
4. If you are an applicant, please provide a copy of your appeal to the service provider(s) affected by the SLD's decision. If you are a service provider, please provide a copy of your appeal to the applicant affected by the SLD's decision.
5. Provide an authorized signature on your letter of appeal.

To submit your appeal to the SLD by e-mail, use the "Submit a Question" feature on the web site at www.sl.universalservice.org. Click "Continue," choose "Appeals" from the Topics Inquiry on the lower portion of your screen, and click "Go" to begin your appeal submission. The system will prompt you through the process. The SLD will automatically reply to incoming e-mails to confirm receipt.

To submit your appeal to the SLD by fax, fax your appeal to (973) 599-6542.

To submit your appeal to the SLD on paper, send your appeal to:

While we encourage you to resolve your appeal with the SW first, you have the option of filing an appeal directly with the Federal Communications Commission (FCC). You should

refer to CC Docket No. 02-6 on the first page of your appeal to the FCC. Your appeal must be received by the FCC or postmarked within 60 days of the date of this letter. Failure to meet this requirement will result in automatic dismissal of your appeal. We strongly recommend that you use the electronic filing options described in the "Appeals Procedure" posted in the Reference Area of our web site. If you are submitting your appeal via United States Postal Service, send to: FCC, Office of the Secretary, 445 12th Street SW, Washington, DC 20554.

NOTICE ON RULES AND FUNDS AVAILABILITY

Applicants' receipt of funding commitments is contingent on their compliance with all statutory, regulatory, and procedural requirements of the Schools and Libraries Universal Service Support Mechanism. Applicants who have received funding commitments continue to be subject to audits and other reviews that USAC and/or the FCC may undertake periodically to assure that funds that have been committed are being used in accordance with all such requirements. The SLD may be required to reduce or cancel funding commitments that were not issued in accordance with such requirements, whether due to action or inaction, including but not limited to that by the SLD, the applicant, or the service provider. The SLD, and other appropriate authorities (including but not limited to USAC and the FCC), may pursue enforcement actions and other means of recourse to collect improperly disbursed funds. The timing of payment of invoices may also be affected by the availability of funds based on the amount of funds collected from contributing telecommunications companies.

Further Explanation of Administrator's Funding Decision
Funding Year: 2002-2003 (07/01/2002 – 06/30/2003)
Billed Entity Number: 139345

Under separate cover, you are being sent a Revised Funding Commitment Decision Letter concerning the FCC Form 471 Application Number cited above. This Revised Funding Commitment Decision Letter denies the Funding Request Number (FRN).

Please be advised that the Revised Funding Commitment Decision Letter is the official action on this application by the Universal Service Administrative Company (USAC). Please refer to that letter for instructions regarding how to appeal the Administrator's decision, if you wish to do so. The purpose of this letter is to provide you with additional information concerning the reasons for denial of these funding requests.

In FCC Order 06-55, the Federal Communications Commission (FCC or Commission) directed USAC to "conduct further investigation and analysis prior to denying funding for suspected competitive bidding violations . . . and to provide applicants with an opportunity to demonstrate that they did not violate the Commission's competitive bidding rules." The Commission set forth its competitive bidding rules as follows:

Under the schools and libraries universal service support mechanism, eligible schools, libraries, and consortia that include eligible schools and libraries, apply for discounts for eligible telecommunications services, Internet access, and internal connections.¹ The applicant, after developing a technology **plan**, files the FCC Form 470 ("Form 470") with the Administrator to request discounted services.² The Form 470 is posted on USAC's website for at least 28 days, during which time interested

¹ 47 C.F.R. § 54.505.

² If the technology plan has not been approved when the applicant files the Form 470, the applicant must certify that it understands that the technology plan must be approved prior to commencement of service. 47 C.F.R. § 54.504(b)(2)(vii).

service providers may submit bids to provide the requested services.³ The applicant must consider all submitted bids prior to entering into a contract; price must be the primary factor in selecting a bid.⁴ Under the Commission's competitive bidding rules, the service provider may not participate in the bidding process.⁵ After entering into a contract for eligible services, the applicant files the FCC Form 471 ("Form 471").⁶ USAC assigns a funding request number ("FRN") to each request for discounted services, and issues funding commitment decision letters ("FCDLs") approving or denying the requests for discounted services.

In FCC Order 06-55, the Commission concluded that "USAC denied the requests for funding without sufficiently determining that the service providers improperly participated in the applicants' bidding process." The Commission stated that "there are many legitimate reasons why applicants could have used similar language in their applications . . ."⁸ As part of USAC's review of the applications, the Commission suggested that USAC "request that applicants submit documentation establishing the source of the language that is similar to that found in other applications."⁹ With respect to situations where due to the passage of time, such evidence may no longer be available, the Commission directed USAC to "look at the totality of the circumstances, including an explanation as to why the evidence may no longer be available. On a going-forward basis, we expect that applicants will have better documentation to support their applications."¹⁰

Per FCC Order 06-55, USAC recently contacted applicants and explained that for applicants who had chosen Send Technologies as their service provider, entities provided documents with striking similarities to USAC to support their funding requests. For each type of document, USAC asked the applicants to explain how they prepared each type of document, to provide any supporting documentation, and to specify the individual who prepared the relevant documents.

In response to USAC's questions, you indicated that employees of your entity filled out and submitted the FCC Form 470 without assistance from a service provider. Another applicant whose FCC Form 470 contains identical Summaries of Needs or Services Requested has stated **that** Send Technologies assisted them in determining what services their entity sought bids for, as well as filling out and submitting the FCC Form 470.

Your response does not explain why your FCC Form 470, Summary of Needs or Services Requested, contains many of the same entries as other applicants who selected the same service provider. This set of entries has been deemed to violate program rules because the service provider inappropriately helped the applicant fill out the form. Since you have not explained why your documents are similar, containing the same entries as other applications that have been deemed to violate program rules, you have not demonstrated that you did not allow your service provider to participate in the competitive bidding process. Therefore, the FRN(s) cited above have been denied.
